## INTRODUCTION

FABD, as the Licensor, upholds the Club Licensing System's credibility by enforcing core processes, deadlines, sanctions, and confidentiality principles. Any impact on system credibility will be assessed by the AFC. License Applicants must provide FABD with required documents to meet licensing criteria. The Club Licensing System has two independent decision-making bodies

- **First Instance Body (FIB) - grants or denies licenses based on documentation.**
- **Appeal Body (AB) - reviews appeals, making final binding decisions without new evidence.**

Both bodies include qualified lawyers and accountants and ensure unbiased decisions in writing. Appeals can be filed by the applicant club, licensee club, or Licensing Manager.

## OBJECTIVE & CRITERIA GRADATION

The regulations aim to improve the standards of the league and its clubs by setting minimum criteria for participation, both on and off the field. To compete in the Brunei Super League (BSL) 2023, clubs must obtain a license from the FABD, which will only be granted if all FABD Club Licensing Regulations are met.

There are five main criteria categories:

1. **Sporting**
2. **Infrastructure**
3. **Personnel and Administration**
4. **Legal**
5. **Financial**

Criteria are graded as:

- **"A" (Mandatory): Non-fulfillment disqualifies clubs from competing.**
- **"B" (Mandatory with sanctions): Clubs may be licensed but face penalties if unmet**
- **"C" (Best Practice): Non-fulfillment has no immediate consequences but may become mandatory**

Clubs and licensors may set higher standards or additional criteria as needed for national and AFC competitions

## CLUB LICENSING (2019 – 2023)

In the past few years, local football clubs have been granted National & AFC License and qualified to represent Brunei Darussalam to compete in the AFC Competitions.

2020	KASUKA FC	AFC Cup Club Qualifying Round
2021	COVID	-
2022	DPMM FC	AFC Challenge Cup
2023	KASUKA FC	AFC Challenge Cup

#### **FUTURE PLAN 2024**

FABD will be conducting a One-on-One refresher course with the club's club licensing managers and will create the Club Licensing section on the FABD website which will provide all the relevant documents that all users can access.

FABD will be upgrading the added criteria which will be implemented in the National and AFC Club License processes and following the club licensing cycle of 2024/2025 will focus on the Top Tier League in Brunei.
