PRESIDENT'S MESSAGE

WARMEST GREETINGS, DEAR FRIENDS IN FOOTBALL.

Dear Friends In Football, a very warm welcome to the February 2024 (VIN2) issue of FABD Moving Forward, our Football Association's effort to keep the communication channels open for both local, regional, and global enthusiasts of the beautiful game.

Moving forward, FABD is keen to keep everyone in touch and fully engaged with what is new, and what is news at FABD

May I extend my heartfelt gratitude to every one of our readers for your unwavering support. It means a lot to FABD. In fact, it has been nothing short of incredible. It fuels our passion and strengthens our resolve to serve the Brunei Football Community better - keeping all of us informed about the latest developments in Brunei Football.

At this stage, it is important to realise that the **FABD MOVING FORWARD** newsletter is still new and will keep on evolving to serve you, our loyal readers, better.

We are fully committed to prioritizing the development of our grassroots, youth, clubs, and the national teams. FABD will ensure that there will be no breaks in our efforts as we strive towards success - one small step at a time.

With FIFA set to resume its financial support, things are beginning to look up at FABD with a clearer view of an even better 2024 for football in Brunei Darussalam.

As we move further forward with our February issue, let us remember our timeless Malay words of wisdom: "sedikit, sedikit, lama-lama jadi bukit" - small steps lead to great achievements. Like Milo of Croton, let's carry a new born calf on our shoulders - every day, knowing full well that with perseverance, commitment, and dedication, we will eventually, theoretically speaking, be able to grow strong enough to carry a full-grown bull on our shoulders.

This is the simple logic of the 'Principle of Progression' in strength training.

FABD will embrace this simple strategy which is summarised by the Japanese concept of kaizen' to strive continuously for small 'improvements' in every aspect of Brunei football - particularly our newsletter.

By systematically applying this principle, we will make significant advancements towards our shared vision of Brunei Football Moving Forward.

As I have mentioned before, beyond our newsletter, that is on the football pitch, small increments each day will eventually snowball into very significant leaps forward in a year. Imagine the incredible improvements from 5 years to 19 years for a kid in our grassroots!

This is why we must emphasise the continued development of our children and our youth. They are, after all, the future of Brunei Football.

In concluding, let us echo the timeless sentiment:

"Ask not what your country can do for you. Instead, ask what you can do for your country."

With this mindset of **doing more voluntarily for our country**, success is, I believe, inevitable.

Once again, thank you, readers, for your unwavering support. Together, let us write the next chapter of Brunei Football's unfolding success story.

Till the March 2024 issue, I leave you with our favorite tagline:

Thank you for sharing our vision of an even better Brunei Darussalam through Football.*

HAPPY 40TH NATIONAL DAY 2024 BRUNEI DARUSSALAM

The national football team faced tough competition when they met the BSL All Stars team, despite losing through a penalty shootout with a score of 2-4 in a Friendly Match held at the Track and Field Stadium, Berakas, on February 26, 2024.

Both teams managed to display solid gameplay with swift movements to test each other.

However, all the opportunities created by both teams failed to breach the goal even as the match extended into extra time.

The BSL All Stars team emerged victorious after all their players successfully converted penalty kicks into goals, leaving the National squad empty-handed after two failed attempts to beat the BSL All Stars' goalkeeper, resulting in a final score of 4-2.

"The players performed well and created many opportunities, but it wasn't their luck to secure the win," explained the National Football Team head coach, Mario Rivera Campesino.

He also praised the dedication and impressive performance of the opposing team, which was bolstered by four foreign players who helped strengthen their squad.

"We will continue to work on improving the team and learn from our mistakes. We have plenty of room for improvement, especially by organizing more friendly matches in the future," the head coach clarified.

EXTRAORDINARY FABD CONGRESS

The Extraordinary FABD Congress is an important moment for FABD and the entire football community of Brunei Darussalam.

The Presidential Elections for the 2024-2028 session was successfully held on December 16, 2023, witnessing the appointment of the President, Vice President, and Exco members, but, significant challenges still exist in obtaining funding from FIFA.

However, with the unanimous approval of the updated 2022 accounts by the New FABD members eligible to vote, there is optimism about this next step. These accounts have been meticulously presented to FABD's principal auditor, Deloitte and Touche in Singapore, for verification. This will pave the way for further submission to the AFC. The release of FIFA funding depends on this crucial step.

FABD expresses gratitude to AFC and FIFA for their promises of financial support, but it must be understood that this process may take time to fully materialize. In the meantime.

FABD remains committed to upholding the principles of Efficiency, Trustworthiness, and Honesty (CAB) – striving to avoid further financial complications.

FABD President, Feisal Eusoff outlined these matters at the 2024 Extraordinary FABD Congress held at Hotel Mulia, Berakas on February 17, 2024.

The congress was attended by representatives from District Football Associations, representatives from football and futsal clubs. Meanwhile, AFC Officials, Siti Zuraina and Nhodkeo Phawadee, and AFF General Secretary, Winston Lee also attended to witness the congress conducted in accordance with the FABD Statutes.
